

9. Establish professional training and development for staff at all levels.

Professional Development is key to a professional and well-trained staff.

All library staff are required to complete 1-10 hours of Continuing Education each year depending on their job classification.

Three employees attended the TLA annual conference in San Antonio.

All City employees completed annual Cybersecurity training.

The library hosted the second annual Matagorda County Librarian Meetup, a half-day training opportunity for local public and school librarians to connect and collaborate.
